JMP OFFERING EXPANDS TO CUMMINS ONAN GENSET PUMPS

Cummins Onan sets the standard for quiet, reliable power at sea. To keep these generators running at peak performance and maintain their notable service lives, JMP Corporation has expanded its impressive lineup with four new raw water engine cooling pumps.

JMP replacement pumps for Cummins Onan offer 100% compatibility for reliability and straightforward plug-and-play installation. Engineered to outperform OEM, they deliver impressive flow rates. ISO-9001 certified, they're machined to exacting standards. Heavy-duty cast bronze bodies are paired with corrosion-resistant fittings, mechanical seals, stainless steel wear plates and marine-grade non-magnetic shafts.

The flexible impellers in JMP pumps are made from a proprietary wax-infused polymer that resists salt, oil, chemicals and excessive heat. US Navy testing found it outlasted other brands by a two-to-one margin.

"JMP continues to respond to industry demands by bringing new replacement pumps to market at a rapid pace," said Fred Leidecker, JMP Marine operations manager. "Contrary to many pandemic-dampened companies, we've experienced exceptional sales this year and will continue to aggressively build our portfolio of marine products."

-more-

JPR-ON7002 replaces Cummins Onan 132-0430 and Sherwood G8002 pumps. It fits MDKBH/J/W and QD 5/7.5/8 kW generators.

For similarly sized gensets, JPR-ON7102 replaces Cummins Onan pump model 132-0459 and Sherwood G702. It's engineered for use with MDK BK/L/M/N, MDKDK/M/N and QD 5/7.5/8 kW generators.

Moving into larger models, JMP offers the JPR-ON7310 pump. It replaces Cummins Onan A029U129 (132-0413, 132-0356, 132-0347, 132-0343) and Sherwood G1010. It's designed for use with MDKDP/R/V, MDKBP/R and QD 13.5/17/17.5/19/21.5 kW generators.

At the upper end of the range, JMP pump JPR-ON7312 is a direct replacement for Cummins Onan A032Y747 (132-0464) and Sherwood G1012 (G1009). It fits MDKDS/T/U, MDKBT/BU and QD 22.5/27/29 kW generators.

JMP's replacement engine cooling pumps for Cummins Onan generators come with a one-year limited manufacturer's warranty. MSRP starts at \$319.95. The company also offers Major and Minor Service Kits.
